## Potential Carmelites All

A jolly company gasolened from San Jose last Thursday to enjoy the day here, and lunched with Mrs. Gyp R. Schumacher at her Dolores street home. The ladies are members of three of Mrs. Schumacher's clubs—Women's, Short Story, and Polar. Those in the party were:

Mrs. J. V. Haley, Mrs. C. E. Randall, Mrs. A. G. Wilkins, Mrs. H. E. Pash, Mrs. J. E. Jenkinson, Mrs. A. L. Hubbard, Mrs. W. S. Johnston, Mrs. L. S. Manville.

## Make a Heavy Penalty

Nothing that has happened in Carmel for a long time has so aroused the indignation of residents as the killing by poison of Scotty, the valuable dog belonging to Mrs. B. O. Warren and Tommy.

The fact that the poison was purchased primarily to exterminate cats is no excuse. The whole idea of spreading poison about is criminal. Perhaps an ordinance forbidding the sale of poisons, except chloroform, for killing animals within the city limits would be effective.

## Pine Needles

Mrs. S. B. Hunkins has gone to Fresno, probably to remain through the summer. However, she will be here to vote at the Presidential election.

An automobile you will be proud to own—the Briscoe. C. O. Goold, Carmel Garage, local dealer.

Two Monterey business concerns changed hands last week. The T. A. Work hardware store has been purchased by J. T. McKelvey, and A. Friedman is the new proprietor of the Harris dry goods establishment.

Call on L. S. Slevin for Notary work.

Mrs. E. E. Lonabaugh and her sister Jessie Foster, left on Sunday for Sheridan, Wyo., motoring via Los Angeles.

Marshal Englund and Probation Officer Ney Otis are keeping a close watch on the undesirable youths who have been coming here from neighboring towns. The parents here are grateful to these officers.

Registration for Carmel City Election closes March 12.

The family of Attorney Campbell has arrived from San Jose, and will make their home here. They have rented the Yokum cottage. The children will attend the local public school.

Mrs. G. R. Schumacher left last Saturday for the Mountain View ranch of Mr. and Mrs. Elmer (Spitball) Stricklett, where she will spend the summer. Mrs. L. S. Manville, her guest here, has returned to Chicago.

Laundry-ette Electric Washing Machine. at Holman's, Pac. Grove.

Not only has Contractor Percy Parkes employed additional mechanics, but has engaged also the regular services of A. B. Coates, architect and designer.

School Superintendent Schultzeberg has returned from Cedar Falls, Iowa, where he attended the national conference on consolidation of rural schools. He comes back more enthusiastic than ever in favor of consolidation.

## Now is the Accepted Time

To Build. Carmel is growing. Its streets are being improved. People are coming here from everywhere to make their homes. They must find ample accommodations, or go elsewhere.

Put a house on that vacant lot of yours. It will bring you a satisfactory income. Plans and specifications submitted.

## Change in Rural Routes Proposed

There is some talk of requesting the Postoffice Department to provide and designate that the Carmel Postoffice be the place of the beginning of the Coast and Valley rural delivery routes.

The contention is that Carmel, not Monterey, is the proper place from which the mail to and from these points should be distributed.

There is much mail passing between Carmel and the Valley and Coast, and at present to send or receive a letter or parcel it must first go to Monterey, either leaving here and going in the opposite direction or passing directly by the Carmel Postoffice.

If rural residents desire to get their mail at Monterey they can do so by renting a box there. But the logical place, geographically and for prompt service, as a distributing center for this rural mail is Carmel.

The present routing is a relic of the time when Carmel had no postoffice and local residents got their mail in Monterey.

### ITEMS OF INTEREST.

Mrs. Harry B. Berber and children of Minneapolis have taken the Sargent cottage on Casanova street for a month.

G. E. Kirby of the Biograph producing force was a Carmel visitor last Sunday, the guest of W. E. Forest, scenario writer and actor.

Miss Charlotte Perry and Miss Swett took a four-day Coast trip last week. Recently the young ladies enjoyed a visit from Chicago relatives.

For summer visitors, The Pine Cone three months for 40 cents.

## Boosts and Knocks

By Observer

Before the lights are turned low at the Manzanita movies there has always been a strong reflected light from the front of the house to the rear. Know what does it? I didn't until just recently. It comes from the brilliant polish on John Mikel's bald head.

I heard a man say the other day that Doc Beck was one of the town's most practical benefactors. And he's dead right. Were it not for that big clock in the drug store, giving us the correct time, many of us would miss our dinners, to say nothing of our social engagements. Thanks, Doc.

L'Accommodation, our well-conducted dry goods and men's furnishing store, has been enlarged, and Miss Guichard has stocked lots of new things. Getting ready for a big spring and summer trade.

A young man acted as lunch relief for Bob Norton yesterday. A customer entered the store and asked for a can of M.J.B., a package of H.O. and a bottle of W.J.B. Just like that. Who wouldn't get flabbergasted?

Screen players not heretofore seen in Carmel have been booked by the Manzanita Club moving picture committee to appear here this month. Theda Bara, John Emerson, and Anita Loos are the stars. The club is a booster for clean, up-to-date pictures. Two a week begin April 20.

The closing of 2500 one-teacher schools in Iowa, as reported by our County Superintendent, has revived talk of consolidating the Sunset, Carmelo and Bay schools. Wouldn't it be great if we could have one big well equipped school here. It will save money and give better service.

Some people are going to lose their vote in the Carmel city election if they don't get on the Great Register. For this election the books close a week from tomorrow.

Two printing jobs from Chicago and one from Denver came to the Pine Cone Press last week. The art preservative is getting on the map in Carmel.

## Pay Your Income Tax

Penalties for Delay and Failure to Make Returns—Early Compliance Urged.

All income tax returns covering the year 1919 must be filed by Monday, March 15. Each taxable return must be accompanied by check or money order for the full amount of tax due.

Cash payments are accepted only at the collector's main office; if sent by mail, they are at the sender's risk.

Residents of Northern California and Nevada should file their returns with, and make payments of income tax to, Justus S. Wardell, Collector of Internal Revenue, San Francisco.

Those who must file returns but have not done so are warned that the revenue law imposes heavy penalties for failure to get returns in on time or to make payments on time.

Early filing and early payments are urged, in order to relieve the internal revenue offices as much as possible of an overload on the final day, March 15.

W. T. Dummage, Secretary

#### City Trustees Transact Business

There was a full-attendance of the members of the city Board of Trustees at the monthly meeting on Tuesday night.

The project to establish an emergency hospital on the Monterey Peninsula, now before the Supervisors, received the endorsement of the board.

The trustees have no desire to remove old and ornamental trees, but where such trees are a menace to life and property in any way they will be cut down.

The Pine Cone's bid for the city printing, at a figure larger than heretofore, was accepted. The higher rate is due to the increased costs of materials used in the business of publishing.

Election officers for the city election, on April 12, were appointed, as follows: Inspector, H. P. Larouette; Judges, Herbert Heron and John L. Williams; Clerks, Mrs. B. O. Warren and Mrs. K. J. Overstreet.

## Cardinal Gibbons Asks Aid For Starving Armenians

(© International.)  
Cardinal Gibbons.

This is the message from James (Cardinal) Gibbons read at the big meeting in Washington in aid of the Near East Relief. The venerable primate of the Catholic Church in America is intensely interested in the appeal which the Near East Relief will make to the country in February for funds to support its work among the starving peoples of that stricken land. To the Washington meeting he wrote:

"Advices and information coming from the Near East cannot be doubted. There is great actual suffering and famine. These people, recently become independent and released from bitter thralldom, cannot support themselves. And the Christian and common instincts of humanity which have prompted the people of the United States during the last two years to relieve the distress and needs, especially of the Near East, must not be allowed to grow cold and be diminished.

"I hope we shall all unite in this present emergency and be able to collect sufficient funds to enable these peoples to live and work until next summer brings them permanent relief and subsistence. I call upon all to respond generously to the appeal now being made and trust that the committee will be gratified with the results."

## The Wonders of America

By T. T. MAXEY

### THE AMERICAN DEAD SEA.

IF YOU can imagine a lake 100 miles long, 25 miles wide, with an average depth of 20 feet—80 feet is the greatest depth recorded—almost 1,000 miles inland and 4,250 feet above sea level, you can form some conception of this world marvel—Great Salt Lake.

Its waters are six times as salty as the ocean. Put five bucketfuls in a tank, let it evaporate and one bucketful of pure salt will be left. A bath in its buoyant waters is both delightful and exhilarating. Saltair—an immense, crescent-shaped, domed and towered bathing pavilion—has been built out into the lake 2,000 feet from shore.

The lake contains eight islands. Four rivers empty fresh water into it, but its surface neither rises nor falls. Having no outlet, it gets rid of the excess water by evaporation.

Scientists figure that the lake contains more than 8,000,000,000 tons of salt and almost 800,000,000 tons of sulphate of soda. Allowing 60 tons to a carload, that would be 133,333,333 cars of salt and 13,333,333 cars of soda. Assuming 40 feet as the average length of a freight car and you have a train of salt 1,010,101 miles long and a train of soda 101,010 miles long. The average speed of a freight train is about 20 miles an hour. Running at this speed, day and night, it would take the two trains over six years to pass a given point. The value of these cargoes would be probably \$10,000,000,000.
